SGA Architects

**PROJECT VALUE**

\$6,720,499

Scope of Services

**Design/Build** – two-story corporate cafeteria including partial renovation (5,000 square feet) and new addition (8,000 square feet).

Project Notes

- + Awarded project due to our plan to keep existing Aramark food service operation open for an extended period of time during construction including the kitchen, cafeteria and food storage.
- + In addition to the main floor cafeteria, servery, industrial kitchen and 24/7 "Grab-and-Go" vending space **the project also included Mezzanine café**
- + **seating, three conference rooms and roof deck seating.**
- + **Food service design included more than 140 pieces of equipment** including industrial ovens, walk-in freezer and refrigerator, hot-action service counter and cold salad bar.
- + **R.H. White employees self-performed all concrete work** including a second-floor concrete slab during this 12-month construction project.
