

Building Renovation

OWNER
Dana Transport

ADDRESS
41 Main Street
Oxford, MA 01540

ARCHITECT
Boral CM Services

PROJECT VALUE
\$3,041,430

Scope of Services

Building Renovation – Install two new 5,000 ton capacity fly ash silos with associated rail pit and bucket ladder system.

Project Notes

- + **Project was located close to railroad lines.** Coordinated with owner and rail operator for safe use of the line while project was underway.
- + **Portions of project were at heights greater than 75 feet.** Ensure that all safety procedures and equipment were used properly.
- + **During installation of air slides, worked closely with Safety Department** to ensure all employees were aware of hazards and safety plan for confined space work, and equipment were used properly.
- + **Rework travel paths of vehicles** while working in active trucking area. Install temporary fencing to separate construction area from truck area.
