Building Renovations

OWNER
National Grid

OWNER
449 Southwest Cutoff
Worcester, MA

ARCHITECT
Bisbano

PROJECT VALUE
$ 1,147,294

Scope of Services

Interior Renovation – R.H. White Construction was selected to renovate the existing National Grid training facility. This included some demolition and renovations including new flooring, painting, fixtures, HVAC improvements, and final touches.

Project Notes

- **This building straddles the Worcester city line into Millbury,** so the project entailed securing building permits from both municipalities.
- **Navigated the challenges of this building expansion within a live training environment** using a phased approach for classroom renovations, rotating classes through open rooms.
- **The phased construction approach necessitated stringent safety protocols,** robust communication, and close coordination with facility operations.
- **Collaboration with trusted long-term subcontractor partners** contributed to the successful delivery of the project.
